If you look this program over carefully you will surely engage your camel at once."

## Rabbi Jacobson's Lectures.

Rabbi F. W. Jacobson delivered the first of a series of lectures on the Talmud in Temple Emanuel last night. The lecture last night was largely historical, dealing with the authors and the circumstances connected with the composition of the great library of law and literature which has endured for centuries as a monument to the genius of the Jewish race. The Talmud is the fundamental code of the Jewish civil and canonical law and comprises the Mishna and the Gemara. The former is the text and the latter is the commentary and complement. The history of these complicated masses of law and tradition with their scores of treatises is an intricate one, and Rabbi Jacobson's lectures are designed to elucidate the basic principles of the law, and to give a simple narrative of the varied authorship of the compilations.

## Not a Case of Suicide.

Drs. Penwarden and Hake made a post mortem examination of the remains of Mrs. Alva Kitchen in McCullum's undertaking rooms yesterday afternoon. Under the direction of Coroner French, Mrs. Kitchen's sudden death early yesterday morning at No. 37 South Lonia street, caused considerable speculation as to the cause of death, and the matter was referred to the coroner for investigation. The examination revealed no trace of machine or poison, and it was decided that death resulted from convulsions, superinduced by uterine trouble. Mr. and Mrs. Williams of Newwaygo, parents of the deceased, arrived here yesterday afternoon. The funeral will be held today.

## Filing Up.

Many complaints and vigorous kicking is being freely indulged in of late by many Arcade residents, who have stores and offices in that vicinity, regarding the occupants of rooms over the stores in the Arcade building (or red brick, more familiarly known as they are being rented to many females of questionable character, who are none too particular about making offensive remarks and throwing refuse from their rooms into the Arcade, and otherwise making the lives of orderly people unpleasant in business houses. This class of room renters were cleaned out about a year ago for vile practices, and parties having business interests there did not wish their return.

## Mr. Botsford's Good Luck.

At a meeting of the directors of the Michigan Masonic Mutual Life Insurance company Claude W. Botsford was chosen secretary in place of H. W. Botsford. For the past year he has assisted James J. Atkinson, the police court stenographer. Mr. Botsford has had considerable experience in the insurance business and will doubtless make a good man for the place.

## Slight Dog Scrap.

At 5:15 yesterday afternoon a lady was passing down Monroe street in a top buggy, a bulldog following in the rear. When opposite the Boston store a large St. Bernard dog attacked the bulldog and a lively scrap was in progress, the larger dog getting the best of the smaller, when the lady leaped from the buggy and with a heavy whip belabored the big dog with such masculine vigor that he let go his hold and fled. The scene attracted a large crowd and much merriment prevailed.

## May Postpone the Ceremonies.

June 11 was not some days ago as a Knights of Pythias memorial day, and a committee was appointed in each Knights of Pythias lodge in this city to prepare a program to be carried out on that day. A meeting of the joint committee was called to be held in Page's hall last night, but there was such a poor attendance that no action was

taken. It is probable that the memorial ceremonies will be postponed.

## GOOD OLD AGE

When the Nerves  
Act Smoothly.

When the Blood Runs  
Naturally.

Paine's Celery Makes People Well.

Start Fairly on the  
Road to Health.

It Strengthens, Invigorates and  
Is Food.

Thousands Have Been Benefited.

Formula No Secret to Physicians in  
Good Standing.

We're all growing old together. Not to do honor then to old age is to tear down the house in which we are to sleep at night.

All of us want to live forever, but none of us want to grow old. The reason for this is that old age has long been associated with feeble stomach and kidneys, gout and rheumatism.

In the past, weakness and various disorders were supposed to be inevitably connected with old age. Little was attempted to relieve senile feebleness. But in 1893 sickness, whether in youth or age, is considered unnatural.

There is now no reason, say the highest medical authority today, why the nerves should not act as smoothly, and the blood run as purely, in old age as in middle life—since the discovery of the remedy that makes the sick well.

Edward E. Phelps, M. D., LL. D., of Dartmouth college, earned an enviable reputation by his discovery of Paine's celery compound for the cure of nervous complaints, dyspepsia, rheumatism, debility.

According to well known ethics of reputable physicians, this prescription was freely presented to physicians in good standing, and the formula legibly given them, today.

For that reason Paine's celery compound has never been included among patent medicines. Coming from so high a source, and so searchingly tried and recommended, physicians have long employed it as unhesitatingly as they have used their official preparations.

It drives the poison germs of deep-seated disease from the blood. It brings buoyancy of spirit in place of lassitude and despondency. It allows the overtaxed system to start fairly on the road to health.

It procures the sleep so necessary to brain and nerve centers. It strengthens. It invigorates. It gives new tone to the system. It makes the blood healthy.

Is food for the nerves. It makes people well! Thousands have been benefited, thousands have been cured by Paine's celery compound, when everything else has failed. Try it.

## CRAZED WITH ITCHING

And Pain from Eczema. Scratched until Blood Came. Scabies Like a Fish. Cured by CUTICURA.

I had a very bad case of Eczema on my neck. It was just terrible. At times it seemed as if it would drive me crazy with itching and pain. Through the day it would itch, causing me to scratch until the blood would come, and during the night it would ache so that I would scratch scales off like those of a fish. Doctored with the family physician for one season. He gave me temporary relief, but my trouble would come back at about the same time each year. Then I began using CUTICURA REMEDY, which has entirely cured me.

MISS HANNAH M. WILLIAMS, Lawrenceville, Doctors Co., Ind.

## Fine Head of Hair.

My head became very sore and all my hair fell out. I spent all I could make in doctoring, but nothing helped me. I bought CUTICURA REMEDY, and in six weeks' time my head was well, and I then used the CUTICURA for my hair. I now say that there is not a finer head of hair in Northern Indiana than mine for only a year's growth.

BEULAH C. STEWART, Butler, Indiana.
